

IMPULSE TO GET SLIM

TUA 360 is your own professional home slimming system to help you shape up.

TUA 360 is an advanced electronic slimming system that applies electrical impulses directly to the muscles, so that real physical exercise is performed to tone skin.

TUA 360 is an advanced and complete electronic slimming system to firm, lift and tone every part of your body. But you may ask, how is TUA 360 different from other slimming technological gadgets? Ordinary slimming belts give a rather unpleasant vibrating massage, whereas TUA 360 works on the principle of electrical stimulation.

By applying electrical impulses directly on the muscles, real physical exercise is performed to show truly toned skin.

This way, the body becomes slim, firm, lifted and toned more effectively and comfortably compared to conventional body slimming tools.

A unique, patented ROTOFIT system

The TUA 360 features a unique and patented ROTOFIT System that achieves deep and effective muscle stimulation.

Taking into account the muscles' shape, size and position, the muscle groups must be exercised accordingly.

ROTOFIT is the patented system for positioning the electrode pairs on specific muscle groups according to their natural anatomy.

As a result, TUA 360 is effective in fighting hard to lose cellulite, hence slimming and toning the stomach, thighs and shaping the chest muscles by working on the respective underlying support muscles.

Proven results with TUA 360

Clinically tested and scientifically proven, users can see rapid and visible results after using the application for just a few minutes a day.

Laboratory experiments conducted in Italy have reported success rates of 84.6%.

TUA 360 is a safe, painless and effective electronic body slimming and lifting system for personal use.

The TUA 360 helps slim and flatten the stomach and abdominal areas; firm and shape the buttocks and inner thighs as well as reduce excess fat and cellulite. It also helps to improve skin and muscle tone, and prevent the appearance of wrinkles and stretch marks.

Apart from the many advantages of using TUA 360, there are other bonuses to using this unique brand of slimming belt.

TUA 360 is 100% imported from Italy, developed to meet the discerning needs of high end users who demand guaranteed results, and displays unparalleled product quality and utmost satisfaction.
