

Get a lift

TUA VISO, 100% designed and made in Italy, is an advanced, patented and scientifically proven electronic face-lift for facial gymnastics.

It works by generating trains of sine wave pulses (specific for delicate facial muscles) to induce sustained muscular contraction.

The passage of microcurrent boosts local circulation, oxygenation, nutrition and detoxification of the tissues improves; this encourages metabolism and the formation of elastic fibres and increases muscle tone, in a harmless, rapid and selective manner. TUA VISO is a safe, painless and an effective face-lift for personal use.

An independent clinical trial conducted at Bologna University, has shown visible facial lift and redefinition after 8 to 10 sessions of using TUA VISO with two to four minutes per

area.

Due to its lightweight and compact design, TUA VISO can be used anywhere, anytime.

Currently, the first 100 Malaysians who purchase TUA VISO will be entitled to a RM100 cash voucher for instant rebate.

Every purchase of TUA VISO comes complete with a stylish carrying case, battery, instruction handbook and DVD plus a one-year product warranty. You also stand a chance to be the first Beauty Impress ambassador and win RM10,000 worth of prizes.
