

FDA Approved Natural Snoring Remedy & Relief Now Available In Malaysia

Chin-Up Strips, the patented and FDA approved treatment for snoring is now available to help the 40% of Malaysians suffering from snoring or sleep apnea.

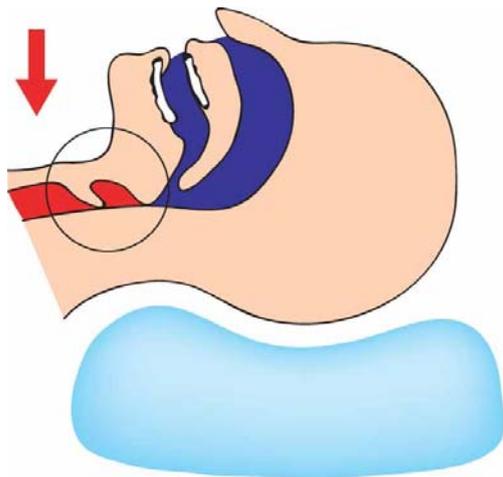

Snoring Is A Sleep Disorder That Affects Your Health

While snoring is a common sleep disorder that affects up to 40% of Malaysians, it is not to be taken lightly due to the health implications it can pose. Besides disrupting you and your partner and depriving both of you healthy restful sleep, it can pose the following health problems:

- Day time fatigue, tiredness & sleepiness
- Increased risk of cardiovascular disease such as high blood pressure
- Potentially a symptom of obstructive sleep apnea, which is fatal

What Is Snoring

Snoring is the noisy sound created by the vibrations of tissues against each other in the back of the throat and nose. It is usually caused by the obstruction in the air passage way.

What Causes Snoring

While there are many reasons why snoring occurs, such as a narrow air passage way, excessive fats or weak muscle tone in the throat area, blocked nose, etc., **the most common reason why adults snore is MOUTH BREATHING**. This happen because as you grow older, your muscles become weak and our jaw drops open when you sleep. This will cause mouth breathing and loud snoring.

Chin-Up Strips To Prevent Mouth Breathing And Stop Snoring

To reduce or stop snoring, you have to close your mouth when you sleep and breathe through your nose naturally, just like how mother nature intended. Chin-Up Strips is a patented and FDA approved hypoallergenic medical tape designed to support your chin and to keep your mouth closed during sleep. This will:

- 1. Reduce & Prevent Mouth Breathing**
- 2. Encourage Natural Nasal Breathing**
- 3. Stop & Eliminate Snoring**

Besides this, Chin-Up Strips can also help to prevent oral venting and dry mouth. It is also widely used by Sleep Apnea sufferers in conjunction with their CPAP treatment. However, please take note that Chin-Up Strips is not a treatment for Sleep Apnea.

Since its launched, more than 4 million Chin-Up Strips have been sold. It is bought by snorers who are concerned with their frequent snoring and also by spouses of snorers who are also plagued by a constant lack of sleep or are concerned with their partner's health. In fact, more and more people are starting to take their snoring problems seriously.

Chin-Up Strips Is Highly Recommended By Medical Professionals

Chin-Up Strips is an anti-snoring device that is highly recommended by the doctors and sleep experts worldwide due to the following reasons:

1. It is 100% safe and natural. It works "mechanically" to stop snoring by closing your mouth. It is non-invasive and is chemical-free.
2. Approved by the FDA, it is an effective snoring treatment that is widely sold in the US, UK & Japan.
3. There is no discomfort and it is a simple snoring relief that can be used easily by anyone, men or women.

"By keeping the mouth closed, snoring is largely eliminated. Most snorers snore with an open mouth and only a very few individuals are able to snore loudly with a closed mouth." Hospital Sleep Center Doctor, Asheville, NC
